The anticipated Budget for the school year 1958-59, including both receipts and expenditures, was then read in detail by the Clerk.

Mr. Clarence Phair asked for the estimated taxable valuation of the District.

The Transportation Committee was asked to contact someone in authority at Our Lady of Victory regarding the matter, and report to the Board at the next meeting, at which time a final decision will be made.

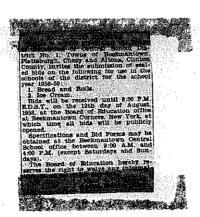

Principal Ryan then asked the Buildings and Grounds Committee to meet with him soon in regard to covering the water line from the school to the Evans House.

A motion for adjournment was made by Harold Luck at 9:30 P.M., seconded by Clerence Phair, and so carried.

A year liter, on May 11, they tied the world standard of 59.9. On May 31 of this year they pushed the world record down to 38.7.

Woodhouse, Segrest, George Peterson of Nebrasks City, Neb., and Morrow also smashed the world 850-yard mark with 1:22.6 a few minutes after the 32.7 in the record 440 at Modeste, Calif.

Only Woodhouse and Peterson will return next spring. However, the Wildeste are not "done for" in the sprint relay business. A freshman combination of Calvin Cooley, Bud Clanlon, Pat McKennen and Frank Taylor raced a sl 2 clocking this spring, Cooley is from Hawley, Tex. McKennen from Sheridas, Tex. Can another quartet from woodbouse, Peterson, Cooley, Clanton, McKennon, Taylor and Land squal the fame of the thundering fouroriggs, Woodhouse, Segrest and Morrow?

It will be quite a job.

There will be no Gollaths on Brandels University's 1962 football team but Coach Benny Friedman has three Davids as quarterbooks. They are Bouchard, Walker and Bornstein, 4ll 190-pointers. <mark>the twitten that the transport of the continued of the c</mark>

To meet the anticipated costs of the School Addition it was suggested that \$40,000 of the proceeds be credited to the Construction Fund, and the remaining \$120,000 be re-invested in three Certificates of Deposits in the amount of \$40,000 each, to become due on November 1, and December 1, 1958, and January 1, 1959.

RESOLUTION BY JOSPEH LAVORANDO:

That authorization be given to the President of the Board to re-invest \$120,000 of the proceeds of Certificate of Deposit No. 517 as suggested above.

Resolution adonted by voice vote (7 was 0 onn.2 absent) WILLIAM BURGESS

Principal Ryan then reported that representatives from both the Burroughs Corporation and the National Cash Register Co. wished to demonstrate their accounting machines to the Board, and that since there is a growing need for machine accounting in the School, he felt that they should be allowed to attend a meeting of the Board for that purpose.

The Board agreed, and suggested that a meeting be arranged for some night next week.

President Duquette then reported for the Buildings and Grounds Committee regarding their trip to Chateaugay School to obtain information concerning their outside lighting system.

He stated that they had an effective system and the cost to them had only been approximayely \$300.00. He went on to say that Principal Ryan and Mr. Phair were going to try to obtain estimates on the cost for outside lighting for our school.

He reported that the Committee had also met regarding covering the water line from the Evans House to the School, and building a gravel walk for the pupils coming from the Garage Building to the School.

Mr. Burgess then reported that the Transportation Committee felt that the men driving bus for Kindergarten should receive another \$100 per month in salary.

RESOLUTION BY WILLIAM BURGESS:

That the men driving bus for Kindergarten trips at noontime be paid an additional \$100.00 per month in salary.

SECONDED BY JOSEPH LAVORANDO

Resolution adopted by voice vote. (7 yes. 0 opposed, 2 absent)

Mr. Burgess and Mr. Culley (Insurance Agent) then read letters from the National Grange Insurance Company regarding men driving buses who are under 25 years of age. They advised against this practice as we might become liable to a 20-30% increase in Insurance rates. They suggested that the Board review the situation if there is anyone under that age driving.

Mr. Burgess stated that there is one substitute driver, Mr. Roushia,

and Ronald Brunelle, who are under 25 tears of age.

The Committee feels that no one under 25 should be allowed to drive, and Mr. Burgess suggested that a letter be written to Mr. Roushia explaining the situation and offering to employ him again when he reaches 25.

RESOLUTION BY WILLIAM BURGESS:

That no operator under twenty-five (25) years of age be hired to drive a school bus, and that no male operator under twenty-five years be allowed to drive any school vehicle.

> SECONDED BY JOSEPH LAVORANDO

Resolution adopted by voice vote. (7 yes. 0 opposed, 2 absent)

Mr. Burgess then reported that the Committee recommended moving into the bus garage for full operation of the garage as soon as feasible. He also suggested that the Committee meet with Mr. Brunelle to decide what equipment will be needed. A meeting data was set for Thursday, August 14th at 4:00 P. M.

Regarding space for the buses to turn around at Our Lady of Victory Academy, Mr. Burgess reported that there is ample space for them to turn around on the school grounds.

After Transportation Laws were again discussed, the following action was taken.

RESOLUTION BY WILLIAM BURGESS:

That transportation be furnished by the District to Our Lady of Victory Academy for the school year 1958-59 if the area for turning around is kept open.

President Duquette then asked the Insurance Committee to meet with Mr. Culley in the near future regarding the entire School Insurance Program.

Mr. Burgess then briefly discussed pupils being picked up by the bus who live within walking distance from the school.

He expressed the opinion that the Board Policy be strictly adhered to regarding not picking up pupils who live within a distance of one fourth $(\frac{1}{a})$ of a mile.

RESOLUTION BY WILLIAM BURGESS:

That the 1947 Studebaker utility bus be eliminated from the fleet, and that all available parts be salvaged.

SECONDED BY JOSE<u>PH LAVOR</u>ANDO

Resolution adopted by voice vote. (7 yes. 0 opposed, 2 absent)

Mr. Burgess then reported that Mr. Thompson, Fleet Inspector for the Insurance Company, and himself had examined twenty buses and didn't feel that they were in very good condition.

feel that they were in very good condition.

Mr. Thompson reported briefly concerning their findings such as mismatched and worn tires, broken glass, faulty brakes etc. He felt that money could be saved by better preventative maintenance.

He stressed the fact that there had been frequent accidents involving backing, and that all buses should have a place in which to turn around.

He mentioned some of the drivers speeding, passing stop signs, and stopping in the middle of the road to discharge pupils, which he felt should not be done.

Mr. Burgess then suggested that a representative from the Traffic Safety Control and the State Police might be asked to meet with the bus drivers.

Principal Ryan then reminded the Board that Registration Day for Kindergarten and new pupils was being held on Tuesday. August 19th, and reviewed the Board Policy regarding the age of Kindergarten pupils.

A motion for adjournment was made at 11:00 P. M. by Philomena Harlan, seconded by Joseph Lavorando, and so carried.

A special meeting of the Board of Education of the Beekmantown Central School District was held in the Poard Room of the Main School Building on Thursday, September 4, 1958, at 8:00 P. M., for the purpose of discussing the increased enrollment, the utilization of classroom space, approval of bills, and other business.

The meeting was called to order by President Sidney Duquette at 8:10 P. M.

Roll call of the Board was taken.

Present were : Edgar Penfield, Harold Luck, Kathryn Grube, Sidney Duquette, William Burgess, Joseph Lavorando, Robert Lyon and Clarence Phair.

Absent: Philomena Harlan.

Also present: Principal Francis Ryan, Elementary Supervisor James Sears, Attorney B. Loyal O'Connell, and the following District Residents: Philip A. McLeod, Mr. & Mrs. Lester J. Hare, Mr. & Mrs. Lauren Hobbs, Mr. Donald Blake, Mr. Norbert Donohue, Mr. Carl Tyndall, Mr. Armand Favreau, Mr. & Mrs. Charles Carr.

President Duquette then asked the residents present if they wished to discuss anything with the Board.

Mr. Hare stated that he wished to express his concern over the early hour the children leave home and the late hour they return from school, and felt that this was too long a day for young children.

Similar sentiments were expressed by other parents present. Mr. Sears, who is in charge of transportation, explained that this is the first year that the District had ever maintained Kindergarten, and that considerable difficulty had been encountered the first day of school.

He stated that 1,495 pupils are being transported within the District and 315 into the City, which makes it necessary with the present number of buses to maintain double runs.

City Schools begin at 8:20 and 8:40 in the morning and early depart.

ures are necessary to get the children to school on time.
He explained the present bus schedules, and cited a definite improvement in arrival and departure time over the first day of school.

The entire transportation problem was discussed by the Residents and the Board.

Effort is being made to make some arrangement with the City Schools to keep the children inside and supervised until they get on the bus to

The visitors left at 8:30 P. M., and the majority expressed satisfaction that all was being done that could be done, and that given more time, the whole situation would improve.

Mr. Burgess then read a letter written by Mr. Sears to the parents regarding rules of behavior of each child while riding on a school bus, and asking for their cooperation to insure safety on the buses.

The Board agreed that a copy of this letter should go out to each child's parents.

Mr. Penfield than asked regarding the legality of another bus coming. into our District to transport pupils out of our District to another school. Principal Ryan answered that according to the Law, this cannot be done.

The minutes of the regular meeting of August 12, 1958, were read, and accepted as read upon motion made by William Burgess, seconded by Edgar Penfield, and so carried.

Mr. Ryan reported that letters, as requested, had been sent to the three former Board Members and to Mr. Roushia.

The General Fund and Construction Fund Schedule of Bills were then presented, and discussed by the Board.

SECONDED BY JOSE<u>PH LAVORA</u>NDO

Resolution adopted by voice vote. (8 yes. 0 opposed. 1 absent)

Principal Ryan then distributed mimeographed sheets to each Board Member showing the present enrollment figures for each grade, each building etc. and the number of available classrooms.

The total enrollment was 1,505, and the number of classrooms 63. He went on to say that due to the strike and the addition not being finished that it may become necessary to put the petitions back in the bus garage for more classrooms.

He added that it might even become necessary to use the second floor of the Evans House, but that due to the condition of the building this would only be done as a last resort.

He also mentioned that the Budget may be insufficient due to the need for more desks and chairs, more teachers, additional textbooks etc. and advised plans for making studies for future buildings.

After a brief discussion, the following action was taken.

RESOLUTION BY CLARENCE PHAIR:

That authorization be given to contact the State Education Department for an appointment to conduct a Long Term Study in regard to another school building.

SECONDED BY WILLIAM BURGESS

Resolution adopted by voice vote.(8 yes,0 opposed,1 absent)

Mr. Ryan then reported that Miss Gertrude Mannis, who had accepted an appointment in the District had accepted a position elsewhere, and that two new teachers had been employed.

He then distributed to each Member a copy of the Cafeteria Menu for the month of September, which was highly praised by the Board.

He also reported that the Annual Convention of the New York State School Boards Association was being held in Syracuse on October 26, 27 and 28, and took the names of the Members who planned to attend.

He then presented to each Member a mimeographed copy of a report from Mr. Merton Bromley regarding his Guidance work during the month of July and August.

The need for special classes was discussed, but they will have to be postponed because of the heavy enrollment. Mr. Ryan mentioned that practically full State Aid is received for special class teachers. He also stated that we should have at least two teachers for remedial reading.

Mr. Ryan then gave high praise to the work done during the summer months by Mr. Bromley, Mr. Glasgow, Mr. Sears and Mr. Frandino.

Mr. Burgess made the suggestion that letters of recommendation be written to Principal Ryan and the four above mentioned Supervisors for their excellent work done during the summer, a suggestion with which the Board agreed.

Mr. Burgess then reported that Bus No. 7 has been condemned and asked about selling it in Canada because of higher prices being paid there than in the States.

RESOLUTION BY WILLIAM BURGESS:

That authorization be given to sell the condemned bus No.7 for the highest price available.

SECONDED BY ROBERT LYON

Resolution adopted by voice vote. (8 yes, 0 opposed, 1 absent)

Mr. Burgess also reported that the Transportation Committee feels that Mr. Brunelle should be allowed to buy the garage tools needed, with an inventory kept of everything purchased.

He also reported that Church Oil Company had offered to give the District a Port-O-Power and nozzle if the gasoline used by the District is purchased from them at State Contract price. No decision was arrived at concerning this.

There was then a brief discussion regarding football and uniforms. Mr. Penfield said that he understood that some of the surrounding Districts were buying their uniforms now, and wondered if we could also,

The cost of the uniforms would be approximately \$2,000, and Mr. Ryan stated that he didn't feel that we were able, with the present restricted budget, to do anything about football at this time.

Mr. Phair then presented a letter from the Beekmantown Youth Commission, which was read by the Clerk, asking for the use of school facilities once a month for record hops for the teenagers.

The request was discussed at length, and Mr. Ryan stated that the Gymnasium florrs could be treated for dancing. He also recommended not promising the use of the school on school nights, as we will be using it for our own activities the most of the time.

The Board was in favor of letting the Youth Commissions use the building for children and teenagers, but some of the Members were opposed to its use for adult and public dances.

The suggestion was made that insurance coverage for non-scholastic activities also be investigated prior to its use by anyone.

Mr. Luck mentioned that the Beekmantown Youth Commission wanted the use of the building free of charge. The Board was not in agreement with this and felt that a set sum be made for janitor service etc.

There was further discussion but no formal action was taken at this time.

Principal Ryan reported that the tax lists from Beekmantown and Altona had been received, and asked the Board Members if they would help with the lists from their respective Towns, which they agreed to do.

A motion for adjournment was made by Harold Luck at 10:45 P. M., seconded by William Burgess, and so carried.

Mr. Lavorando then inquired regarding paying drivers for doing detention driving. He felt that this should not be a cost to the District, but that the parents should be called to take them home.

It was explained that these trips are not for detention only, and that some of the children are staying for additional help in classes, some for music practise etc. and many of them are not disciplinary problems.

The fact was also brought out that if a child rides to school on the bus in the morning, they must be brought home by bus at night unless the parents come after them.

Mr. Lavorando also mentioned that he felt that the school mail should be delivered by rural route rather than being picked up at the Post Office. Mr. Ryan explained that this wouldn't be feasible due to the tremendous amount of mail, packages, book shipments etc. and questioned the availability of a large enough mail box.

Frincipal Ryan then read the entire Tax Warrant, after which the Warrant was signed by each of the nine Board Members.

He went on to say that it has to be returned to the County Treasurer on December 1st, 1958, and that the usual 1% fee will be charged beginning November 1st.

Mr. Ryan then read a letter from Mr. Evalon Merritt, Plattsburgh Superintendent of Schools, regarding the rental of one of our buses.

He stated that the bus which they have ordered will not be delivered until sometime in November. In the meantime they need a bus for transportation of their athletic teams on October 4th. 18th and 25th to Lake Flacid, and on November 1st to Port Henry. He expressed the hope that our Board would rent them a bus on those dates.

After a brief discussion the following action was taken.

RESOLUTION BY WILLIAM BURGESS:

That authorization be given to grant the use of one of our school buses to the Plattsburgh City School District on the dates mentioned above, with the provision that they furnish their own gas and oil, and employ one of our own drivers to drive the bus.

JOSEPH LAVORANDO

Resolution adopted by voice vote. (9 yes. 0 opposed. 0 absent)

Principal Ryan and Mr. Luck then reported to the Board concerning the failure of the school water supply earlier this month, and the meetings held by the Building and Grounds Committee and other members of the Board regarding the situation.

At the meeting of the Committee called by President Duquette on September 16th, the following Board Members were in attendance: Harold Luck, Clarence Phair, Edgar Penfield and Joseph Lavorando. Also present were Architect Parker Dodge, Roland Holmes, Donald Hulbert, Howard Cross, R. McLean and Lester Hardy.

After considerable discussion as to why the submersible pump failed, the opinion was that the heavy drain on the well had caused sand or other foreign matter to seep through the crevices in the rocks in the well.

If sand is in the well the recommendation was that a jet type pump should be used, and if this is done it will be necessary to build a pump house above or below ground.

Mr. dardy was instructed to place an 8" casing on the present well and place the auxiliary nump on top of the ground to prevent surface water from running into the well, which he has done.

The Committee also recommended that Mr. McLean begin drilling operations on a second well as soon as possible, for an auxiliary water

It was reported that the jet pump being used now, which can be purchased for \$175.00, is pumping 1,600 gals, per minute.

After further discussion by the Foard the following action was

RESOLUTION BY HAROLD LUCK:

That the recommendations of the Committee be accepted, and that authorization be given to hire Hugh McLean and Sons to drill a second well under the supervision of the Architect, and be it further RESOLVED that authorization be given to purchase the pumps and other necessary equirment for the operation of the two wells.

SECONDED BY CLARENCE PHAIR

Resolution adopted by voice vote. (9 yes.0 opposed.0 absent)

Mr. Duquette made the suggestion that arrangements be made for a stand-by plumber who can be called and will come in an emergency.

Mr. Phair agreed and felt that whoever it is, should go over the entire plans with the Architect and know where all pipes, controls etc. are located.

The Board agreed that after the well is dug, someone should be selected.

Principal Ryan then discussed the transportation situation, and distributed to each Board Member a list of the buses, capacities, routes and drivers. He also reported the number of children on each bus and the mileage traveled each day.

He stated that it had been necessary to nut on an additional bus, which makes a total of 25 buses now in operation.

This leaves only one 55 capacity bus to be used as a spare, and that one is now being repaired, and added that at least two new buses are needed.

He then explained that there is a surplus of \$10,000 in the Debt Service portion of the Budget, which had been put in as Bond and Interest payments, and which cannot be transferred to any other part of the Budget.

The reason for the surplus was that approximately \$10,000 had been received in accrued interest and bond premium at the time of the sale of the Bonds, and has to be used toward the first bond or interest payment. Therefor, if voted by the taxpayers, that amount from Debt Service can be used toward the purchase price of new buses, and only the amount over and above the \$10,000 will have to be raised by tax.

The suggestion was made that 4 new buses be purchased and two of the old ones be used for spares.

RESOLUTION BY WILLIAM BURGESS:

That authorization be given to publish notice of a Special District meeting to be held on October 22, 1958, to vote upon the proposition of purchasing four (4) new school buses at a cost not to exceed \$7,000 each, and to ray the sum of \$10,000 from Debt Service with the balance to be raised by tax, and be it further

RESOLVED' that authorization be given to advertise for tids for four (4) 60 passenger school buses at a cost not to exceed \$7,000 each or a total of \$28,000, the purchase of which will be subject to the approval of the voters at the meeting to be held on October 22, 1958.

SECONDED BY HAROLD LUCK

Resolution adopted by voice vote. (9 yes. 0 opposed. 0 absent)

Standardization of buses was then discussed briefly with not all the Board in favor, and no definite action was taken.

Mr. Phair asked if a bus driver could waive on traffic while loading or unloading pupils. Mr. Ryan stated that according to Law, they could not.

Mr. Phair then suggested that when there is a long line of cars behind the bus, that the driver stop the bus to let the cars pass.

It was decided that the Transfortation Committee set a date for a meeting with the drivers, the traffic police and themselves to discuss all these problems.

RESOLUTION BY WILLIAM BURGESS:

That all long distance calls made by Frank Brunelle pertaining to school business be charged to 3761, the school phone at West Chazy.

SECONDED BY ROBERT LYON

Resolution adopted by voice vote. (9 yes. 0 opposed. 0 absent)

Principal Ryan then read a letter from Mr. Donald Jewett asking for the use of the School for a County-wide 4-H Club Annual Officer's Training School meeting on November 25th, from 7:30 to 10:00 P. M.

There will be 80 to 100 members, leaders and parents and they will need the assembly room and four other smaller rooms.

RESOLUTION BY WILLIAM BURGESS:

That permission be granted to the 4*h Clubs for the use of the School Building as requested, on November 25th, and under the provisions set up in the Board Policy.

SECONDED BY CLARENCE PHAIR

The suggestion was made and agreed upon that a letter of thanks and appreciation be written to the Air Base Officials, in regard to their furnishing a plane and crew to fly to Cleveland, Ohio, to get the pump for the school well.

Principal Ryan then reported that Mrs. Marjorie Harrigan has

completed her thirty hours, and according to Board Policy, is entitled to a \$300.00 increase in salary.

RESOLUTION BY PHILOMENA HARLAN:

WHEPEAS, Mrs. Marjorie Harrigan has obtained her Bachelor's Degree, therefore be it

RESOLVED that she be granted an increase of \$300.00 in her animal salary, according to Board Folicy, making a total annual salary of \$4,600.00, effective September, 1958.

SECONDED BY JOSE<u>PH LAVORAND</u>O

Resolution adopted by voice vote. (9 yes, 0 opposed, 0 absent)

Regarding physical examinations, Mr. Ryan stated that he felt that the workers in the Cafeteria should have a more thorough one than is given by the School Doctor.

The Board readily agreed and the following action was taken.

RESOLUTION BY CLARENCE PHAIR:

That authorization be given for all Cafeteria workers to have complete physical examinations, with all costs for same to be paid by the School District.

SECONDED BY
JOSEPH LAVORANDO

Resolution adopted by voice vote. (9 yes. 0 opposed. 0 absent)

The suggestion was made that the Cafeteria workers could have their chest Xrays when the Clinton Jounty Mobile Unit is in West Chazy at the school. Mr. Ryan stated that he would have them transported to the West Chazy School for that purpose. He also stated that he would liked to have had our Seniors also have the Xrays, but that he wasn't notified in time to make arrangements to have the Unit here at the school.

Principal Ryan then read a communication from the State Education Department regarding changes in requirements for Regents Diplomas for raising scholastic standards.

The State requires one year of mathematics for Regents Diplomas only, and Mr. Ryan advised that he felt that one year of mathematics should be required for ALL diplomas.

The Board agreed, and adopted the following resolution.

RESOLUTION BY JOSEFH LAVORANDO:

That it be made part of the Board Folicy that at least one year of mathematics be required for all High School Diplomas.

SECONDED BY PHILOMENA HARLAN

Resolution adopted by voice vote. (9 yes, 0 opposed, 0 absent)

Mr. Ryan reported that the appointment for the long term study for another school building was for October 16th with the State Department in Albany.

Any of the Board Members who wish to go are to let him know.

Mr. Burgess then stated that he was in favor of six cylinder school buses, and asked the rest of the Board how they felt about it.

The majority of the Board agreed that the six cylinders would serve as well as the eights.

A motion for adjournment was made by Harold Luck at 10:45 P. M., seconded by Clarence Phair, and so carried.

RESOLUTION BY WILLIAM BURGESS:

That the contract for four (4) 60 passenger school buses be awarded to Broderick Motors, 10 So. Peru Street, Plattsburgh, N. Y., in accordance with their low bid of \$6,590.00 per unit or a total of \$26,360.00, to be delivered on December 15th, 1958.

The Board felt that he should be kept on a while longer and took the following action.

RESOLUTION BY KATHRYN GRUBE:

That W. Robert Arnold be kept on as Clerk of the Works on a full time basis as long as the Foard feels that his services are necessary, at a salary of \$125,00 per week, effective October 27th, 1958.

A report was then given on the meeting in Albany attended by Frincipal Ryan, President Duquette, Mrs. Harlan and District Sup't. Allen, regarding a long term study for a new school building.

They met with Dr. A. D. Dotter and Mr. Frank Gilson, who after reviewing the facts and figures arrived at the same conclusion that a 600 pupil school was needed. Costs were discussed and an approximate figure of \$1,700 per pupil was mentioned.

Principal Ryan then read a letter from Dr. Dotter in which he

recommended an Elementary Room Schedule for 600 pupils.

He also wrote that if the preliminary sketches are prepared, they would like to review them in early form with the Board of Education, the District Superintendent and the Architect.

Mr. Eurgess then reported on the meeting attended by the Bus Drivers, the State Police, the Insurance men and the Transportation Committee.

He stated that it was a very informative and profitable meeting, and that some of the drivers had already asked that more of them be held.

He then made a suggestion which he asked to be considered, whereby some kind of a program could be set up to select a 'driver of the year' from our bus drivers.

The Superior Bus Body Company will supply an award for the driver of the wear selected.

It was discussed and decided that the Transportation Committee should work something out and present a proposed plan to the Board. Principal Ryan stated that he would like to have Mr. Merton C. Bromley, Guidance Director, come to one of the Board meetings for an hour or so to discuss the entire Guidance Program with the Board.

The Board agreed that he should be invited to attend one of the meetings for that purpose.

Fresident Duquette and the rest of the Foard then gave a vote of thanks to Mrs. Harlan and Mrs. Grube for their excellent work in regard to arrangements and plans for the reception given for the teachers.

Mr. Luck reported for the Building and Grounds Committee that he cannot get a roller light enough to do the work without causing damage to the seeded area until the ground starts to freeze.

Mr. Duquette asked the Building and Grounds Committee to meet and bring recommendations to the Board regarding overtime pay for Custodians.

He then reported that Mr. Robert Malmros of the Architectural Firm of Sargent, Webster, Crenshaw and Folley would like to interview the board regarding the proposed new school building.

A tentative date for this meeting was set for Tuesday, November 18th, at 8:00 P. M.

Due to overcrowding in our schools and increasing taxation, Mr. lavorando asked if it would be possible for the Air Force Base to furnish transportation for their own children to their own schools.

This was discussed briefly and some other members of the Board felt that this could not be done as long as they are living and paying taxes in our District.

Principal Ryan then reported that while in Syracuse, he had inquired regarding a war surplus truck to be used for plowing snow.

No word has as yet been received concerning this, but he suggested that a blade and chains be put on one of the old buses not being used and use that for snow removal at the school.

The Foard agreed, and the matter was referred to the Transportation Committee for further study and action.

A motion for adjournment was made by Philomena Harlan at 10:35 P.M. seconded by Kathryn Grube, and so carried.

There was then a lengthy discussion regarding the hiring of an Architect.

Mr. Lavorando suggested that the bus garage be made into permanent classrooms and a steel building be erected for a garage.

He later stated that he felt that double sessions should be tried out before a large amount of money is spent on the garage, or before a new school building plan is presented to the voters.

Mr. Eurgess felt that three stalls of the garage should be used as such, and the rest of the building as temporary classrooms.

He also expressed his reasons for being opposed to children being permanently housed in the garage building.

When asked why an Architect had to be hired before voting on a new building. Mr. Ryan explained that an Architect had to prepare preliminary plans before a long term plan study could be arranged in Albany.

He explained that the process of working out a long term financial plan involves preparation of a complete budget, year by year. for a period of six years. The Division of School Business Management then works out a plan showing the estimated tax rate for a period of six years.

After the Foard has studied the plan and feel that it will be satisfactory to the Public, the voters are then asked to approve the plan in order that construction can be initiated.

He went on to say that considerable money will have to be spent on the garage if it is used next year. He also stated that we are faced with the problem of building schools from the picture presenting itself in a projected study of the next five years.

Mr. Phair asked the Poard if they would be willing to interview another Architect who had contacted several of the Foard Members. Further discussion ensued, afterwhich the following action was taken.

RESOLUTION BY CLARENCE PHAIR:

That the hiring of an Architect be tabled for the present, in order that Architect Thomas V. Ferenc, Cornelia Street, Flattsburgh, may be interviewed by the Board on Thursday night, December 11, 1958.

Mr. Eurgess also reported that Clarence Reed, Bus Driver, had been temporarily suspended by Frincipal Ryan for violation of traffic safety Inws. The Transportation Committee feels that it should be a permanent suspension due to previous admonitions regarding his driving.

President Duquette asked Mrs. Harlan and Mr. Lyon to report on their interview with Attorney B. Loyal regarding the use of the school building by the Beekmantown Taxpayers Association.

They reported that Mr. O'Connell feels that the Board can make their own policies as long as no discrimination is shown. The policy can designate what associations it can be used by, such as Community, Educational and Civic Organizations.

Frincipal Ryan read the section of the Law pertaining to the permission for use of school buildings out of school hours, and also reread the policy previously adopted by the Board.

No action was taken on the request from the Reelmantown Taxpayer's Association.

Mr. Duquette stated that it had been mentioned to him that permission may be requested for the use of the building for the organization meeting of the Cumberland Head Volunteer Fire Department. The Board agreed that if requested, permission should be granted.

Mr. Phair then reported that the Fuilding and Ground Committee had met with Mr. Hardy and the Architects this afternoon regarding the new well. He stated that a pump test had been taken, and that the well was pumping 44 gal. per minute at a depth of 144 ft. He stated that Mr. Thornton, who purchased the property, said that if the \$400.00 paid by him is returned, he will return the deed to the heirs. Mr. O'Connell explained that there would have to be a court order to return the money to him.

He also said that Judge Ryan's determination had been that the heirs were entitled to the property, and he believes that the Judge will rule that the money be returned.

Regarding Former District Plattsburgh #12, Mr. O'Connell stated that he feels that Mr. Crary does have a good title to the property.

He is also of the opinion that a release should be given to the District by Mr. Crary before the deed to the property is given to him.

He stated that Mr. Crary was not in complete agreement and does nt think a release is necessary.

Former District Beekmantown #2 was sold to Mr. Bernard P. Dame who made a down payment of \$100.00 and has never paid the balance of the purchase price in the amount of \$1,300.00. Mr. O'Connell's suggestion was that either legal action be taken to enforce the contract or to make plans to re-sell the property.

After a brief discussion the following action was taken.

RESOLUTION BY ROBERT LYON:

That authorization be given to School Attorney B. Loyal O'Connell to negotiate, for sixty days from this date, to collect the balance due in the amount of \$1,300 on the sale of the school building in Former District #2. Town of Beekmantown, to Mr. Bernard P. Dame on March 8th, 1958, and be it further

RESOLVED that if these negotiations fail, that authorization be given to take legal action to collect said balance due.

SECONDED BY EDGAR PENFIELD

Resolution adopted by voice vote. (8 yes, 0 opposed, 1 absent)

Frincipal Ryan then read a letter from Architect Parker Dodge regarding water softening equipment for the well. He still recommended the use of the equipment and mentioned some of the damaging effects of hard water.

RESOUTION BY EDGAR PENFIELD:

That authorization be given to proceed with plans for the installation of water softening equipment, and be it further RESOLVED that approximate cost figures be obtained by the Fuilding and Grounds Committee from M. A. Hardy & Sons and others with the report to be given to the Board and definite action taken at the next meeting.

SECONDED BY HAROLD LUCK

Resolution adopted by voice vote. (8 yes. 0 opposed, 1 absent)

(The Fuilding and Grounds Committee was asked to meet following the meeting to discuss from whom they wish to obtain prices.)

Principal Ryan then read a letter from Architects Ferenc and Osterbaum expressing thanks and appreciation for the interview granted them by the Board.

He also read a communication from Attorney B. Loyal O'Connell regarding a school tax adjustment requested by Mrs. Isola Lefeve on the portion of her property taken over by the State.

Mr. O'Connell has advised her that the School District has no obligation to review the tax or make any tax refund.

A letter from Pistrict Superintendent Everest Allen was also read concerning the School Administrators meeting to be held in Atlantic City in February. He asked that the Board allow the School Principal to attend this meeting.

RESOLUTION BY KATHRYN GRUBE:

That authorization be given for Principal Francis Ryan and any of the Board Members who so desire, to attend the American Association of School Administrators meeting to be held in Atlantic City, N. J. February 14th-18th, 1959, with necessary expenses to be reimbursed by th School District.

SECONDED BY CLARENCE PHAIR

Principal Ryan then read a letter from Architect Parker Dodge expressing his appreciation to the Board for their confidence shown by his re-appointment as school Architect.

Mr. Dodge then thanked the Board again personally, and presented copies of his Agreement prepared for the proposed project.

He explained that the only difference in this and previous agreements was the time of payment of the portion of the fee due at the

completion of Preliminary Plans.

Heretofore, the 25% of the total 6% fee was paid following the completion of plans, the approval of the State Education Department and the vote of the people on the proposed projects.

Due to the time elapsing before many of the projects are presented for vote, the new agreements request payment only after the completion of plans and approval of the State Education Department.

RESOLUTION BY EDGAR PENFIELD:

That the Agreements presented by the Architect on the proposed new project be referred to the School District Attorney for further study.

Mr. Dodge reported that the inspection of the Addition to the Main Building had been made today. Both he and the State Inspector were very pleased with the results of the building, and complimented the work of the Contractors.

He also reported that a price of \$235.00 had been obtained from John J. Harvey Co., Inc., for the replacement of the boiler room doors. He stated that he is still inquiring as to whether or not Hollister's Insurance Company is liable, and if not, it will be referred to the District's Insurance Company.

Mr. Holmes reported that a price of \$3,600 had also been obtained from J. J. Harvey Co. for the two well houses. He stated that Mr. Hardy had obtained another price which was \$200.00 more than the one from J. J. Harvey.

He made an alternate suggestion of running a line overground and making provisions for its not freezing, and then leave the digging to be done in the spring after the frost is out of the ground.

He stated that the older submersible pump is going to be installed

tomorrow, at which time pump tests will be started.

Mr. Luck reported that the Committee felt that it might be advisable to build only one well house. He suggested a portable plywood house to be used while working on the pumps during the winter, and wait until spring to build the well house at the old well.

Mr. Luck also reported that the Building and Grounds Committee recommended that there should be someone in the school building twenty-four hours a day. Their suggestion was that Mr. Mooney be put on as night watchman five nights per week, and that possibly one of the bus drivers would work the night shift on weekends.

The Committee also recommended that Mr. Victor Corron be hired as an additional Custodian.

The matter of time and a half for overtime for Janitors was again discussed, and was referred to Attorney B. Loyal O'Connell to decide what constitutes overtime, etc.

RESOLUTION BY HAROLD LUCK:

That Mr. Victor Corron, RD #1, Plattsburgh, be given a provisional appointment as Custodian Bus Driver in the District, at an annual salary of \$3,120.00, effective as soon as he is available.

There was then a brief discussion on the lighting of the three rooms in the West Chazy School, and getting prices on the necessary lighting equipment.

President Duquette then suggested to the Board that a second Board meeting be held regularly each month. He also felt that it would be a good idea if heads of different school departments were allowed to come to the special meetings, so that the Board would know more about the workings of each department.

The Board agreed and a tentative meeting date was set for the 4th Tuesday in each month.

The special meeting regarding the water softening equipment was set for Tuesday, January 20th.

Mr. Burgess reported that the Transportation Committee recommended the hiring of Robert Relation as substitute bus driver.

RESOLUTION BY WILLIAM BURGESS:

That Mr. Robert G. Relation, West Chazy, be hired as a substitute bus driver, subject to passing the medical examination and approval of District Superintendent Allen.

The applications from Mr. William Duffield, RD #1, Plattsburgh, and from Mr. James Lavigne, West Chazy, were not approved by the Committee.

A motion for adjournment was made by Edgar Penfield at 10:30 P.M., seconded by Harold Luck, and so carried.

Mr. Merton C. Bromley, School Guidance Director, was then asked to come into the meeting to present and discuss his Guidance Program with the Board.

He presented to each Board Member copies of a report on recent progress in Guidance Service, and recommendations for a sound Guidance Program, sent out by Commissioner of Education James E. Allen.

He then showed charts on and explained his work in regard to each of the recommendations of Commissioner Allen.

Board Member Robert Lyon entered the meeting at 8:35 P. M.

Mr. Bromley also reported what progress he felt he was making in the program, described the tests given, and gave his analysis of the tests and methods used.

Following his very informative talk, he answered questions and discussed the program with the Board. Also discussed was the need for the services of a Psychologist, at least for part time.

Mr. Bromley left the meeting at 10:15 P. M.

President Duquette then reported that if Custodial service is maintained at the school twenty-four hours each day, there is a possibility of reduced insurance ratings. He said that a letter had been written asking that an inspector from the Insurance Company come to inspect the building to see what would have to be done to qualify for a rate reduction.

He also reported that the specifications are ready on the water softening equipment, and that about 6 or 7 price quotations will be submitted.

He then reported that due to the wording of a part of the Architect's Agreement from Parker Dodge, Attorney F. Loyal O'Connell had refused to accept it, and has asked that the Agreement be re-written.

A discussion followed regarding a policy of having all legal contracts etc. referred to the School Attorney before acceptance by the Board. Some of the Board Members didn't feel this was necessary, but President Duquette asked to go on record as still being of the opinion that all important contracts and legal agreements should be referred to and checked by Attorney O'Connell before being accepted.

Principal Ryan reported that the School Physician, Dr. James Bradley had recommended that all school bus drivers and all teachers have chest X-rays for detection of Tuberculosis. He stated that Dr. Bradley had obtained prices from both Hospitals, and that the cost at the Champlein Valley Hospital would be \$6.50 for each X-ray. He added that there would be approximately ninety employees to be X-rayed.

After discussion, the opinion of the Foard was that the Mobile Unit of the Clinton County Tuberculosis Association be contacted, to see if arrangements could be made with them for that number of chest X-rays. They felt this should be done before any definite decisions are

Principal Ryan then reported that some of the teachers are willing to stay after school hours to help some of the children who need extra help with their school work. He asked the Board for permission to use two of the school buses for the transportation of these children.

RESOLUTION BY WILLIAM BURGESS:

That authorization be given to use two school buses for transportation of the children who remain after school hours to receive help with their school work.

> SECONDED BY JOSEPH LAVORANDO

Resolution adopted by voice vote. (7 yes, 0 opposed, 2 absent)

Mr. Ryan then read a letter received in November from Mr. Potts of the Public Service Commission regarding the inadequate maintenance and storage of our buses, the use of the school bus garage etc.

He, also read one from Mr. Maurice Osborne of the Division of School Business Management offering their help if they could be of any service.

He read subsequent letters and replies to each one, and reported that the mechanic will be moving into the school bus garage this week, and that there will be six stalls available.

Mr. Burgess stated that there will be a system of records set up when the garage is opened. He mentioned additional help, mechanic's salaries etc., and was asked to have a Transportation Committee meeting regarding these matters and bring recommendations to the Board.

RESOLUTION BY WILLIAM BURGESS:

That Mr. Thomas F. Cadieux, R.F.D.#1, Plattsburgh, N.Y., be hired as a substitute bus driver in the District, subject to passing the medical examination, and approval of District Superintendent Allen.

> SECONDED BY ROBERT LYON

Resolution adopted by voice vote. (7 yes, 0 opposed. 2 absent)

Mr. Lavorando suggested that the Teacher's Committee meet to discuss the Guidance Program and the suggestions made by Mr. Bromley.

Principal Ryan then reported that due to an error on the Tax Roll, Mr. Raymord Bradley was listed in District No.7. Town of Beekmantown, instead of District N o. 13 where his property is located. Therefore, he did not receive a refund when the money from the sale of the school property was returned to District No.13. According to his assessment he should have received \$48.11.

Mr. Ryan explained that there is money due the Central District for expenses incurred in the sale of the property of the Former Districts, and that the amount due could be paid to Mr. Bradley from that fund.

The Board agreed that this should be done.

RESOLUTION BY HAROLD LUCK:

That authorization be given to pay the tax refund in the amount of \$48.11 to Mr. Raymond Bradley, R.F.D.#2. Morrisonville, due him from the sale of the property in Former District No.13, Town of Beekmantown, and be it further

RESOLVED that said refund be paid from the expense fund due the District from the sale of the property of the Former School Districts.

Resolution adopted by voice vote. (7 yes, 0 opposed, 2 absent)

Principal Ryan then briefly discussed the need for a scaffold to be used to replace lights in the Gymnasium and Auditorium. The Board agreed that he should write for prices for prices for a portable scaffold.

Regarding the bills for electricity in the School, Mr. Phair reported that the rate had been changed from 5 to 6, resulting in a considerable saving per month. Due to this rate change, he quoted the saving for the month of December as \$256.46.

A motion for adjournment was made by Harold Luck at 11:10 P. M., seconded by Joseph Lavorando, and so carried.

There was then a brief discussion regarding the bomb threat received at the school on February 19th,1959. Principal Ryan read the list of rules and regulations being enforced by order of the District Attorney and State Police while their investigation continues.

Attorney B. Loyal O'Connell had asked that a report be given to the Foard regarding his interview with Mr. Bernard P. Dame.

Mr. Dame had stated that the reason for his failure to pay the balance due on his purchase of the property at Former District Beekmantown #2, was that he had been unable to borrow the money at that time, due to the fact that only a Quit Claim Deed was being given.

He further stated that he still wanted the property, and that he would be able to pay the \$1,300.00 balance due during the month of August.

Attorney O'Connell's recommendation was that Mr. Dame be allowed to keep the property if he will sign an agreement to pay the \$1,300 in August, plus reimbursement to the District for the insurance paid on the property since the date of sale.

RESOLUTION BY
JOSEPH LAVORANDO:

That the foregoing recommendation of Attorney B. Loyal O'Connell be adopted by the Board, and that he be authorized to prepare the agreement to be signed by Mr. Bernard Dame for payment in August, 1959, of the balance of \$1,300 due on the purchase price, plus reimbursement to the District for Insurance paid on the property at Former District No.2, Town of Beekmantown.

Principal Ryan then reported that when he was in Utica he had seen and talked to Mrs. Norman Rea. She had asked if the Foard would accept her Library and some paintings for the School.

Mr. Ryan stated that he had gratefully accepted on behalf of the Bd.
He also reported that the students are setting up an Honor Society
and have named it 'Applegarth', which was the name of the Evans-Rea
property upon which the school is located.

Principal Ryan then distributed to each Member a memorandum from him to the Board containing detailed information about the buildings, the garage, the School Program etc. A copy of this report is atteched to the minutes of this meeting.

Regarding the damage to the building done by students from Chazy Central School, Mr. Ryan read the letter he had sent to the Principal, and the letters of apology received from the basketball players who had been responsible for the damage.

Following discussion, the Board's decision was that a bill for the damages to our building be sent to Chazy Central School.

Principal Ryan then reported that there are several pupils of low ability in the seventh grade. He explained the change in schedule that had been made, and said that Mrs. Lois Therrien was teaching the slow group all their subjects.

He recommended a revision in the adopted course of study to include this change.

RESOLUTION BY KATHRYN CRUBE:

That the course of study in the seventh (7th) Grade be revised to permit some of the low ability students to be assigned to one teacher for English, Social Studies, Mathematics, Science, Art and Music, and that these students go to Physical Education, Home Economics and Industrial Arts with their regular classes.

Resolution adopted by voice vote. (8 yes. 0 opposed, 1 absent)

Mr. Ryan then read the reports of the results of the January examinations to the Board.

He also stated that several of the Board Members had asked about the length of the corridors from one end of the building to the other. He reported that this distance was 863 ft.

He then read a letter of resignation, due to health reasons, from Mrs. Lucy Hogle, secondary teacher.

He also read a letter of resignation from Mrs. Alice Iou Sanger, Art teacher, who is not returning following her maternity leave.

A letter from Mrs. LaVerne Favreau was read, asking for use of the school building for meetings of the Home Extension Service on the third Thursday of each month.

Mr. Ryan suggested that these meetings might be worked in with the Adult Education Classes.

After discussion of the use of the building, the following action was taken.

RESOLUTION BY WILLIAM BURGESS:

That permission for use of the school building be granted to the Home Extension Service on the condition that they meet on the same night that Adult Education Classes are held.

SECONDED BY KATHRYN CRUBE

Resolution adopted by voice vote. (8 yes,0 opposed,1 absent)

Mr. Lyon was asked to work with School Attorney B. Loyal O'Connell in drawing up a resolution to be adopted as part of the Board Policy regarding the use of the school building, to whom permission will or will not be granted etc.

Mrs. Harlan reported that she had had a lengthy telephone conversation with Mr. Coots regarding the refusal of the Board to let the Beekmantown Taxpayers Association use the school building for meetings. She explained the reasons for the Foard's refusal and told him that she would ask that a letter be written to him confirming the Policy of the Board in regard to the use of the building.

Four bus-driver applications were then presented by Mr. Ryan and referred to the Transportation Committee for further study.

Frincipal Ryan then reported that Mr. Clarence Reed, discharged from his duties as bus driver, had submitted a bill for \$48.00 for eight extra trips in to the Plattsburgh City Schools while driving for the District. He was suspended on November 19th and had received his salary for the entire month.

Mr. Reed's contention is that the extra salary is due him because he had never received a written suspension notice.

President Duquette reported that he had talked to the School Attorney regarding the matter, and that Mr. O'Connell's recommendation was to pay the \$48.00 after and if Mr. Reed signs a release to the School District.

There was considerable discussion about the matter and Mr. Fenfield suggested that it might be a good idea for the Board to purchase a copy of McKinney's Civil Service Law for reference in the future.

RESOLUTION BY ROBERT LYON:

That upon the insubordination or other mis-conduct of a non-teaching school district employee, the District Principal is hereby delegated the authority to suspend the offender from employment without salary, pending action of the Board of Education, and to notify the offender in writing of said suspension together with the reasons therefor.

SECONDED BY CLARENCE PHAIR

Resolution adopted by voice vote. (8 yes, 0 opposed, 1 absent)

RESOLUTION BY WILLIAM BURGESS:

That the recommendation of Attorney B. Loyal O'Connell regarding the payment to Clarence Reed be adopted, and that authorization be given to pay the bill submitted by Mr. Reed in the amount of \$48.00, only after he has signed a release to the School District, which is to be prepared by Attorney O'Connell.

SECONDED BY PHILOMENA HARLAN

Frincipal Ryan then read a letter written by Mr. Maurice Osborne from the Dep't. of School Business Management to District Sup't. Everest Allen, regarding Audit Reports from his Supervisory District. He listed the criticisms occurring most frequently, and asked that all school districts attempt to eliminate any reason for criticism in future audits.

Regarding the new well and the water softener equipment, President Duquette reported that he had talked to Mr. Holmes, who had said that if the water in the well doesn't clear up soon, something will have to be done to trap the sand before any water softener equipment can be installed.

The price quotations submitted for water softener equipment were read by Principal Ryan as follows:

Ubl & Adams
172 So. Catherine St., Flattsburgh, N.Y. - \$1,497.00

F. E. Chaskey
Plattsburgh, N. Y. - 1,361.00

Plant Supervision Corp.
Box 64, Plattsburgh, N. Y. - 1,650.00

Field Cil Inc.
Sharron Ave., Plattsburgh, N. Y. - 830.75

President Duquette referred the above quotations for further study, to the Buildings and Grounds Committee and Architect Parker Dodge.

Plans for an open house in the new ten room addition were then discussed. The decision, which everyone agreed with, was that it be held on Sunday afternoon about the middle of March, weather permitting.

Other plans are to have all the teachers present, to serve punch and cookies in the General All Furpose Room, and if possible, to have a Band concert for an hour or so in the afternoon.

The Teachers Committee and the Building and Grounds Committee were asked to arrange meetings for next week.

Due to the Committee meetings and the amount of work to be done, it was decided that the second Board Meeting not be held during February.

Mr. Burgess then gave a brief report for the Transportation Committee regarding bus repairs etc. He also asked Principal Ryan to notify Ronald Brunelle not to drive any of the buses or school vehicles, due to the fact that he is under the 25 year age limit that is part of the Board Policy regarding drivers.

Mr. Fhair asked that a letter be written to the High School and Elementary Principals and all the teachers, complimenting and thanking them for their excellent handling of the emergency situation on the day of the bomb threat at the school.

Mr. Phair also asked if there was any reason why the school station wagons cannot be kept in the school bus garage at night, and was told that when buses are being worked upon, there isn't always room.

RESOLUTION BY CLARENCE PHAIR:

That if and when there is room in the school bus garage, the school station wagons and the jeep be kent in the bus garage during the night.

SECONDED BY WILLIAM BURGESS

Resolution adopted by voice vote.(8 yes.0 opposed,1 absent)

A motion for adjournment was made by Joseph Lavorando at 5:30 P.M., seconded by Clarence Phair, and so carried.

Memorandum To: Board of Education

From:

Francis T. Ryan, District Principal

Because committees may not have had time to report and due to the fact that some of our Board members were unable to attend several of the Board Meetings, I would like to bring you up to date on a few of the things about which you may not have been informed.

INFORMATION CONCERNING PULLDING

I assume that you all are aware that we moved into our tenroom addition several weeks ago. We moved all the children from
both the Bus Garage and the Evans House into our new building.
We have closed the Evans House and part of the garage which
housed purils. Three stalls of the Bus Garage are now being used
as a garage. A number of tools and equipment have been purchased.
A compresser and a welder are part of the ecuipment purchased.
It was necessary to extend a 220 volt line from the main switch
box to the garage addition. This was done to supply nower for
the electrical welder and compresser. Ar. Brunelle built benches
and used some of the old steel cabinets and shelving that we had
in some of the class rooms for storage of tools and supplies.
Four or five of our buses are being housed in the garage at the
present time. With the delivery of the four new buses last week,
we find that our transportation problem has been relieved somewhat.

Some minor electrical work and painting had to be done in the ten-room addition. This as about completed. New cabinets, desks and other equipment which we purchased have been installed in the ten-room addition. The new teacher desks which we ordered have not yet been delivered, but I had assurance this past week that they rould be delivered within the next two or three days.

In regard to the new well—this has continued to be a problem because when the submersible nump was placed in the new well it filled with sand. It was then necessary to procure a nump to clean out the water in the new well. This was to have been delivered to the school site this nest week but as yet it has not arrived.

Due to the fact that the guarantee period on the main building had expired on February 5, Mr. Dodge's office sent two men here just before the 5th to check all items in the building which should be brought to the attention of the several contractors. This was done and so far the various items needing attention are being corrected. Hollister's Plumbing Company had several items to correct. In checking with Mr. Barber, I find that these have been done. Other items that are to be taken care of by the general contractor have not yet been completed, but the architect is

is checking on these items. The exhaust for motor for the kitchen was replaced last week. The electrical part of hooking up this motor is yet to be completed.

Some new locks are needed for doors at the West Chazy School and these now are on order. "bout two weeks ago we had trouble with the sewer lines olugging in the addition. This was checked by Hollisters and it was found that at least three links of the sewer line pine were broken. This may have happened when the ditch was being back filled after the pine was laid. Hollisters have corrected this situation by putting in the necessary new pipe.

ITE IS CONCERUING CARRYING OUT THE SCHOOL PROGRAM

Mrs. Lucy Hogle, one of the seventh grade teachers, notified me that it was necessary for her to resim. I had very little notice about this. It was through no fault of anyone concerned so far as I can determine. It was necessary for me to emmloy enother teacher at a time when it was very difficult to secure candidates. I believe I was fortunate in obtaining the services of Mrs. Barbara Seibert. She began her duties on Aonday, February 9. It was necessary for us to change some of the teaching assignments after Mrs. Hogle left and it will be necessary to do some additional schedule and revision of schedules.

I am sure that all of you can realize the difficulty of keeping our school in operation during the past two weeks because of problems which have arisen the to most unusual weather conditions. Because of icy roads and/or snow conditions, we had several minor accidents with our buses. In each case no children were injured.

We had a bus slide off the road on the East Beekmantown road on one occasion. It was necessary to transfer the children from the bus that slid off the road to another bus. This was done with a minimum of confusion and in a very commendable way due in no small part to the help we received from monitors we have appointed for each bus. We were unable to tow the bus with any vehicle we have in the district. It was, therefore, necessary to hire the services of a large crane from Broderick Motors.

'nother accident involved one of our buses on the Snellman Road where the bus started sliding for the ditch and it was necessary for the bus driver to leave the bus because of the imminent danger of the bus over turning. This bus driver fell when he got out of the bus and had minor injuries. He was sent to our school physician for examination and the proper reports have been made to the insurance company.

Inother day, one of our buses on the Turnpike stopped for its first wick up. A car back of the bus could not stop and ren into the bus. There was no serious damage to our bus, but extensive damage to the car running into the bus. No one was injured.

At a basketball game with one of the school districts, which is not in our league, we had an unfortunate experience. One or several of the boys did some damage to four of our locker panels in the girls locker room. They also did some damage to ceiling panels as well as some damage in one of the toilet rooms by nouring liquid soap into one of the hand driers. The damage was serious enough, but not as serious as some information I received second handed. The authorities of the school involved have been notified.

I have been working with the High School Principal and Guidance Eirector on our high school program, going over in detail our present program plus anticipated needs for the next school year. I have also met with the elementary principals regarding the program in the elementary grades. I will report specifically to the different committees on the above items when we meet.

I should like to add to this report that at any time a board member visits the school I shall be happy to have them stop in and a k any questions and discuss any problems with them.

Very shortly you will have in your hands all of the school board rolicies adopted by our board since organization of the Central Fistrict in July of 1954.

I know this report is very general, but if you wish more detailed reports from me, I shall be happy to oblige.

It was addressed to President of the Foard, Sidney Dunmette, inviting him to visit the Lawrence West Lakeside School on Cumberland Head on May 28th or soon, whenever convenient.

Principal Ryan stated that he had visited the School last week, and that Mrs. Merritt seemed to be under the impression that Beekmantown had

refused to consider taking over the Lakeside School.

He went on to say that he had told her that the matter had never been discussed, as it had never been brought up before the Board of bducation.

He also mentioned that a Law was passed this year that if facilities are not available, we will have to contract with another District for children with an I.C. of 50 or under.

Mr. Ryan then read a letter from W. Farker Dodge Associates in regard to their work on the School Bus Garage Addition. He stated that since the funds for the addition have been depleted, and the Poard has agreed to pay them for additional preliminary work on the elementary building on Cumberland Head done prior to the Main School Addition, they will make no charge for the work done on the School Bus Garage Addition.

A letter from The Deleware and Hudson Railroad Corporation, written to Sup't. Everest Allen in regard the new Tax Relief Law for Railroads in New York State for the school year 1959-60.

The Law provides that taxes on railroads are to be frozen for one year, effective July 1st, 1959, and that they cannot be taxed for a greater amount than they were the preceding year.

Mr. Allen stated that he would forward any information as soon as it is received from the State Education Department, in regard to the procedure to be followed in handling this tax matter.

Frincipal Ryan then read a letter from the Firemen's Mutual Insurance Company in regard to a fire inspection of the school made by one of their representatives.

The report recommended installation of automatic sprinklers in the basement of the main building, installation of fire extinguishers throughout the building, an automatic closing fire door between the Incinerator Room and the Main Building. They also recommended improved housekeeping at the old Former District B-3 Euilding. (B-3 being used only for storage.)

Mr. Ryan also reported that the Guarantee has been received from W. W. Gettys Electric Co. on the Reekmantown School Addition. The effective date of the Guarantee is January 13, 1959.

Mr. Burgess then reported for the Transportation Committee regarding Eus Driver Raymond LaFier.

He stated that he had talked to Dr. Fradley regarding the letter he sent to the Foard, and asked where he had obtained his information.

Dr. Fradley stated that he had received his information from Dr. White and from school pupils. He also stated that Mr. LaPuer had told Dr. White that he was a diabetic at the time his chest x-ray was taken.

The Committee asked Dr. Fradley if he would examine Mr. LaPier for diabetes and he refused, stating that he had proof to substantiate his statements.

Frincipal Ryan read a statement from Dr. Dana Weeks, Mr. LaPier's rersonal Physician, certifying that he has taken care of Mr. LaPier for seven years. He stated that he had a mild degree of diabetes which is well controlled. He also stated that his condition in no way interferes with his ability to operate a motor vehicle with safety to himself or others.

Mr. Burgess stated that both the Committee and the Attorney recommend that Mr. LaFier be asked to go to a third disinterested Physician for an examination, preferably Dr. Leonard Schiff, and that his decision be accepted as to whether or not Mr. LaFier can drive a bus.

They felt that inasmuch as a notice had been sent to the Foard by the School Physician, another opinion other than that of the personal Physician should be obtained.

After further discussion, the following action was taken.

RESOLUTION BY WILL LAM FURGESS:

That Mr. Raymond LaPier be requested to go to Dr. Leonard Schiff for complete tests and examination for diabetes, at the expense of the School District, and be it further

RESCLVED, that a written statement be obtained from Dr. Schiff as to whether or not Mr. LaFier's diabetic condition interferes with his ability to drive a school bus with safety to himself or others.

Principal Ryan then read a letter from Mrs. Catherine Callahan (Sec. Teacher) confirming her resignation in June, due to her husband being transferred to another Air Rase.

He also read a letter of thanks and appreciation from Mr. Raymond LaPier for his re-instatement as school bus driver.

He also read a list of the Companies to whom bids had been mailed on the following items: Office Louisment & Cupplies, Purils desks and chairs, Milk, Bread, Ice Cream, No.2 Fuel Oil and Mitchen Equipment.

Principal Ryan then announced that Commencement Exercises would be held on Monday, June 22nd, at 8:00 P. M., and asked that the entire Board attend if possible.

He then distributed to each Board Member a copy of "The Powers and Duties of Boards of Education" which had been given out to the P.T.A. Members the night the Board Committee Chairmen met with the Association.

President Duguette then thanked the Board Members who attended for their cooperation and participation in the P.T.A. meeting.

Mrs. Harlan, Chairman of the Teachers Committee, reported that it had been very difficult to find any condidates for a Science Teacher, but that Mrs. Tholma Lee, Peru, New York, had been interviewed and seemed satisfactory.

Mr. Ryan then read Mrs. Lee's credentials to the Board.

There then followed a very lengthy discussion concerning teachers.

Regarding qualifications of taechers, Mr. Lavorando made the statement that he didn't feel that qualifications and recommendations were proof that a teacher could teach efficiently.

He referred to one teacher in particular in whose class a majority of marks were very low, which he felt reflected on the ability of the teacher.

He felt that a report of the percentage of those passing and failing should be given to the Board, and thereby evaluate the teacher by that report.

He also stated that several parents had complained to him that their interviews with the High School Principal had been very unsatisfactory.

Mr. Duquette again suggested that Heads of Departments meet with the Foard to report on the progress of the teachers and the numils.

He also suggested a Board Curriculur Committee for next year.

Mr. Fhair stated that he had a child in second grade whom he felt
was not making the progress he should, as he was still inable to read.

It was mentioned that better preparation in the lower grades might prevent some of the drop outs in high school.

Frincipal Ryan stated that some of the progress was up to the pupil, and that a number of them in 7th & 8th grades are just marking time, waiting to set out of school.

In answer to a question, he stated that low IQs are usually found in low economic areas, but that he didn't feel that we have a higher percentage then in some of the surrounding areas.

He also mentioned that the State Education Department states that all students in 7th & 8th grades <u>must</u> take Art, Music. Home Economics for girls and Industrial Arts for boys.

He added that he definitely is not in favor of all students being required to take these subjects whether they are interested in them or not,

He also said that he would bring in a report at the end of each quarter regarding the marks and the progress of the students.

President Duquette then asked Mr. Frunett if he wished to address the Board, and Mr. Brunett stated that he would wait until Mr. Eyan had spoken to Architect Farker Dodge.

Mr. Penfield then reported that he had been assured by ${\tt Yr.}$ Culley that the school district is fully covered by Comprehensive Liability Insurance.

He stated that he had also talked to Attorney O'Connell, and he agreed that an agreement should be drawn up between the Foard of Education and the Youth Commission in regard to the use of the Cumberland Head School Site.

He stated that Mr. O'Connell was preparing the agreement for the Board.

Regarding the Ecard Members whose term expires this year, the following action was taken.

Regarding the water softener equipment, Mr. Ryan stated that Mr. Chaskey, who had submitted the lowest price quotation, had been called and that the price had increased approximately \$50.00 due to increased steel prices etc.

A motion for adjournment was made by Harold Luck at 10:00 P. M., seconded by Edgar Penfield, and so carried.

Principal Ryan then read a letter of resignation from Mrs. Buth Colgan, an Elementary teacher in the West Chazy School.

RESOLUTION BY WILLIAM PURGESS:

That the resignation of Yrs. Buth Colran. Mocers, N. X. be accepted by the Foard.

Resolution adorted by voice vote. (8 yes. 0 orrosed. 1 absent)

He also read a letter from Troop 66 of the Girl Scouts, thanking the Found for the use of the School Cafeteria.

A letter from Attorney F. Loyal O'Connell was read in regard to Former Common School District #2. Town of Reelmantown. He stated that Yr. Bernard Dame had been asked to sign an agreement to pay the belance (\$1,300) owed to the District but that he had never signed, although he had verbally agreed to pay in August.

Mrs. Oreal Fountain had offered to buy it for \$200.00.

Fr. O'Connell's recommendation was that it be resold by auction in the event that Mr. Dame does not pay the balance due.

A letter was also read from Mrs. Carl Warren requesting the use of a school bus on July 19th by Troop 36, Cumberland Head, to take them to Camp Bedford, and again when they return.

Inasmuch as the Cumberland Head Youth Commission has been granted the use of one of our buses, Mr. Byan suggested, and the Board agreed, that the Scout Troop make arrangements with the Youth Commission for the use of that bus.

Mr. Penfield was asked to find out whether or not the insurance carried by the Youth Commission would offer sufficient protection to the District if used by the Scout Troom.

There was also a letter from the Feekmantown Youth Commission asking permission to hold a block dance in the school parking grounds on July 10th, or, in the event of rain, the school cafeteria or symmasium.

Mr. Eyan stated that 2 deputized custodians would be on duty, as well as Mr. Sears and Mr. Browley being present.

PESOLUTION BY WILLIAM FURGESS:

That permission be granted to the Beekmantown Youth Commaission to hold a block dance on the school parking grounds, or in the event of rain, in the school cafeteria or gymnasium, on July 10, 1959.

Resolution adopted by voice vote. (8 yes, 0 opposed, 1 absent)

A letter from Mrs. Ellen Lavorando was then read, in thanks and appreciation for the flowers sent her by the Board while she was hospitalized.

The salary paid to Miss Gayle Traynor for the school year 1958-59 was then discussed. There apparently had been a misunderstanding by Miss Traynor and some of the Board Members, who thought that the \$3,000 salary was for 10 months, and that she was entitled to 1/10 of that salary for last August.

RESOLUTION BY JOSEPH LAVORANDO:

That authorization be given to pay Miss Gayle Traynor a salary adjustment in the amount of \$300.00, to be paid in the month of July, 1959, making her total annual salary \$3,300.00 for the school year 1958-59/

Football equipment was then discussed. Fr. Ryan stated that it was almost immossible to write specifications for bids, and that a salesman for football equipment was here, with whom he would like the fudget Committee. Fr. Duquette, Fr. Jodoin and himself to meet tomorrow. A mosting was arranged for tomorrow moon.

Becarding the light fixtures in the West Chazy School, Mr. Ryan reported that a price cuotation had been received from Plattsburgh Electric Supply, Inc., at an approximate total of \$700.00, which was lower than ones previously received.

Frincipal Ryan also read a letter from K. Elizabeth Lamson, Assistant School Lunch Administrator, State Education Department.

She complimented Miss Traymor on a well organized lunch program. She also enclosed lengthy recommendations and suggestions as soals to work toward through a period of several years, and offered any assistance that might be necessary.

Mr. Ryan also stated that the report from the State Education Department concerning the Long Term Finencial Study for a new school building had been received, and suggested a special Board meeting to review it. He also stated that he would have complete reports on students, recents reports etc. at that meeting.

A special meeting was scheduled for Monday. June 29th at 7:30 P.M.

A motion for adjournment was made by Joseph Lavorando at 10:15 ${\rm F.\ M.}$, seconded by Earold Luck, and so carried.

Fimeographed reports on Teachers' Tests and Achievements were then distributed to the Board Kembers by Frincipal Ryan.

Executive session was susgested for discussion of the report, but the Foard's decision was to postpone the discussion until Mr. Lavorendo, who had requested the report, was present.

Mr. Ryan then distributed copies of a letter, which he read to the Ecerd, from Mr. M. G. Osborne Director of the Division of School Business Management, State Education Denartment, concerning the Financial Study prenered in connection with the proposed construction of a new Elementary School Building.

He also distributed copies of the Long-Term Financial Flan for the proposed construction.

The Foard then went into executive session at 8:30 F. M. for the discussion of the report and the Financial Flan.

Open meeting resumed at 9:30 P. M.

Fr. Phair then offered a resolution to the effect that, inasmuch as he felt that the entire Board was not going to work for, and in favor of, the Cumberland Head School, he thought it best not to put the proposition up for vote and to go on double sessions in the fall.

As there was no second to the motion, and no other member in favor of this. Mr. Fhair withdrew his resolution.

PESOLUTION BY WILLIAM FURGESS:

During a brief discussion concerning office equipment bids, there was a question as to the low bid for the mimeograph machine.

Upon re-checking the bids, Mr. Ryan discovered that there had been an

error, and that the contracts awarded be corrected to read as follows:

Jordan's Office Equipment 34 Oak Street, Flattsburgh, N.Y. - 1 Mimeograph Machine . \$169.50

Dwyer Mimeouraph and Office Sumply Service - Total contract adjusted from \$1,320,70 to \$1,119.10

Regarding the installation of the water softener equipment, Mr. Ryan asked the Foord what they wanted done about hooking up the new well.

They stated that it should be sealed and rived into the main building, and suggested that both M. A. Hardy & Son and F. B. Chaskey be contacted resarding the cost of the piving etc. They further stated that someone would be bired by the Foard to do the necessary digging.

Mrs. Harlan, Chairman of the Teachers Committee, then reported concerning her interview with Mr. Arthur DeGrandare Jr., a candidate for a 7th grade Mathematics teacher. She readily recommended him on the condition that he takes the recessary summer courses to become certified.

She also reported on an interview with Mrs. Carol Ladd for a 6th grade teacher, whom she also recommended.

Mr. Penfield then reported that he had contacted Mr. Culley regarding the insurance coverage carried by the Cumberland Youth Commission and had been told that the bus would be fully covered if used by the Cumberland Head Scout Troop.

Fr. luck then reported that he had looked at lawn mowers at Sullivan's Equipment Co., and the one he thought might suffice could not be hooked up to a jeep and has to be used with a cub tractor. He stated that this one has a 4 ft. mower, and that the self-propelled ones only have a 24 inch one.

He further stated that Mr. Sullivan has a cub tractor, and would kribe mover over for a demonstration if the Board so wished.

Yr. Even stated that there would have to be a meeting of the Building and Grounds Committee regarding juniformial supplies, and suggested that Yr. Sulliven to asked to demonstrate the mower to the Committee at that time.

Mr. Luck was asked to contact Mr. Sulliven about when he could come, and then the Committee will be notified as to when the meeting will be.

There was another discussion concerning bid specifications for bread and rolls. Mr. Pheir had been to both Fakeries and obtained further information, and the final decision of the Foard was that the specifications should read as follows:

1 lb.12 oz. loaf sandwich bread Cluster frankfurter rolls - sliced

Hamburger rolls - sliced

The ice cream specifications were to remain a $2\frac{1}{2}$ oz. cup.

The subject of a dictaphone for Mr. Ryan's office was then discussed. He stated that the cost would be approximately \$300.00, and that it would be a definite time saver because it was almost impossible to dictate during the day due to almost constant intermetions.

Fe stated that all prices have been cheched and that discounts are being given. He said that the parts and tools listed are needed to get the cuses in condition for Sentember.

He explained much of the work that had to be done and state that the Committee recommended the purchase of the listed tools and parts, and also the hiring of a third mechanic.

Principal Ryan then explained to Mr. Burgess that it had been an emergency when he had asked one of the mechanics to drive a bus one afternoon.

Mr. Burgess had objected because he didn't feel that they could spare the time, and also because they had never been examined and approved as bus drivers.

Mr. Ryan stated that it was not a metter of policy, but felt that he had acted within his caracity at that time.

The Foard agreed that as School Administrator, Mr. Ryen has a right to act according to his own judgment in any emergency.

The suggestion was made that the mechanics be examined and approved by the District Superintendent as bus drivers.

President Duquette then stated that as this may be the last meeting of this year, he wished to thank all the Board Members for their help and cooperation during this past year.

started on wrong type of oil, and 7 quarts being used instead of required 9; however, even though these have 201 thousand miles Mr. Walker has taken it up with the Dodge factory and they have agreed to furnish all parts except rod bearings, for a motor job. However, this has to be done in a specified time, and it is suggested that it be done at E. S. Mason at a cost of \$65-70 per bus, plus cost of bearings which is approximately \$15 per bus. This would include grinding valves and engines would be in like new condition.

Two Internationals have rear end howl, and would not run many more miles before housing might be damaged; due to the necessity of having special tools for this job it is suggested that these be sent out.

The balance of all work can be and will be done in our shop, except bus front ends which require special equipment and training, and it would be impractical for a fleet this size to spend the required amount for such equipment and training.

REPORT OF THE TRANSPORTATION COMMITTEE BEEKMANTOWN CENTRAL SCHOOL 1958-1959

The fleet consists of 37 motor vehicles.

An inspection of the bus fleet was made the last week in August, busses were found in a highly unsatisfactory condition, mechanical repairs were needed, work had not been completed on spare bus #11, several broken windows had not been replaced, busses were dirty inside and out. The most unsatisfactory item noted was the condition of brakes on the busses.

Yearly inspection sheets had been completed but it was indicated that they had been checked OK, when work should have been done.

No records of the vehicle history were available, no records of any preventative maintenance were established, no records of periodic maintenance found.

Due to poor work space, little could be done to correct this situation, until the school bus garage became available.

Records were set up, however, and drivers were required to submit a daily trip ticket, which indicated any mechanical fault or road condition. This trip ticket also contains mileage and any fuel or oil added.

Records were not being kept up to date. Mechanies stated it took three hours a day to do this; however, they are a necessary part of any fleet system.

In mid January a move was made to three stalls of the bus garage, and the purchase of tools began. Our shop is now well equipped with the exception of needed tools as contained in attached lists.

Buying was being done on a one item at a time basis; however, the fleet has enough of each type vehicle to stock many standard parts such as coils, points, plugs, etc.

Suggestions were made at many times to the mechanics; however, these were not followed even after move to the bus garage and maintenance procedure did not progress but was stagmant.

Mr. Drunch and Renald Brunell were not satisfied with the salary schooling and up by the board and submitted their resignations.

Milton Laplan was hived as Chief Mechanic on this date, and later in the month Kenneth Wright was added to the force. These men were fully qualified in fleet maintenance.

It was necessar, when only one mechanic on duty to send out some vehicles on contract maintenance; however, in the future this would not happen except in the rare cases where we do not have

special tools and equipment to do certain jobs, and the infrequency of such operations would not warrant the expenditure for tools.

A preventative maintenance system was established and complete records of any vehicle are now on file from March 1st, 1959. We would be pleased to have any board member inspect said records. This gives a history of the bus. We are, however, handicapped due to the fact that records should run from date of purchase of a vehicle then an actual cost per mile can be maintained for life of vehicle. This record system is kept up to date daily for work done, and with this it is possible to anticipate future work.

Complete inspections have been completed on the vehicles of the system, and unsafe conditions were corrected immediately. However, as to mechanical work there is a large amount of this to be done, also there are many vehicles which require sheet metal painting, flooring and seat work.

Buying has been installed on a larger scale, purchases of needed items are seldom made in less than ½ doz. lots, and we now have on hand supplies, some of which will carry through the year 1959-60. Spark plugs were bought on State Contract Price at a saving of 12 cents per plug, this is a higher grade plug and the equal grade would have cost 22 cents per plug less. Eatteries are now being supplied by Montgomery Ward Co. in a heavier grade battery, with 66 plates instead of 57. This costs the district \$3 per battery less, plus it is guaranteed without question for 2 years. Tires are now being recapped at a saving per tire of \$50. We are able to recap twice, this instead of spending \$75-75 and 75, we would spend \$75-23-23. Used casings which have gone past the recappable stage are now being traded in at an allowance of \$10-15 per tire. New outlets for supplies have been found, and we do not sacrifice quality for price. Dealers when they find they are getting come business which they never had are willing to lower their prices due to selling to a school. E. S. Mason Co. now gives the school a \$15 discount which was not practiced in the past as they were not approached.

During the coming summer, the work load is in excess of what can be handled by two men. The busses up to and including bus #33 are in need of considerable work. This has been found due to half of the grease fittings missing, failure to change oil filters, use of stop leak in radiators which in turn has plugged heaters, heater covers have not been removed and they are plugged with dust, causing a fire hazard as each is operated in connection with a motor. 15 busses need front end work. There are at east 15 busses which will need complete brakes, and due to running lining down, drums are cut, some can not be turned down, but will have to be replaced. This is covered on attached sheet showing summer work. This sheet contains work which we are aware of but in a case where record information as to past is not available, there may be other jobs which will

be found in the process of renovationg these busses to extend their life.

The State has recommended that a fleet of this size needs five mechanics. However, the committee wishes to recommend the hiring of a helper, and it is felt that they can maintain the fleet in a very satisfactory condition. As there are 37 pieces of equipment, it means that one man could be kept busy with lubrication, and the obtaining of parts for the fleet. We are pleased to state that progress in this area is being made, and that by Sept. 1st of this year, our fleet should be in very good condition. It is possible that some interior floor work and exterior paint work will have to be put off in preference to mechanical work, but it will be done at the earliest possible date.

Our drivers have maintained an excellent accident record, and with the exception of one driver who was arrested for going through a stop sign, very little trouble has been encountered with the drivers.

We would like to thank Mr. Ryan and Mr. Sears for their excellent handling of the transportation. It is without doubt one of the largest headaches for a District Principal, and for Mr. Sears who gets the usual complaints and handles the driver problems.

As yet we can not show savings on transportation nor was it expected that there would be any at this time; however, this will show up in the coming years in extended bus life; and our foremost thought in putting the fleet in A-1 condition is the safety of the children transported, not in the saving of a dollar. However, you can rest assured that nothing is being wasted, and each purchase price is checked so that the lowest possible can be obtained.

Respectfully submitted by:

William N. Burgess, Chairman Robert W. Lyons Sidney J. Duquette Jr.
